

# Listening Session For Persons Experiencing Homelessness in Hayward

Come and join us for a lunch, snacks and give your input about homelessness and what we – community members, service providers and people experiencing homelessness – can do to improve things.

We want to hear your voice, and bring it back to the County of Alameda's ALL-IN effort to fight poverty. Talk with us about your experiences, strengths, ideas and hopes, and we'll reward you for your time and effort.
