

RESOURCES FOR COVID+ Persons Who Need Access to Antiviral Treatment

May 23, 2022

1) People Experiencing Homelessness in Shelters or Streets - Isolation and Quarantine Hotel:

Anyone who is referred to isolate at [I&Q hotels](#) will be rapidly screened by a nurse and provided with COVID antiviral treatment as part of their stay, if they choose.

2) Unsheltered Homeless - ACHCH Street Health Teams: All ACHCH Street Health teams should be able to screen and prescribe COVID antivirals to patients they test and treat at encampments or street settings.

3) Call your Primary Care Provider: All community health clinics should have an internal system for screening and connecting their patients to COVID antivirals.

Alameda Health System: (510) 437-8500

- **Highland Wellness:** (510) 437-5039
- **Eastmont Wellness:** (510) 567-5700
