

Why Get Vaccinated?

To Protect Yourself, Your Family, and Your Community

- Building defenses against COVID-19 in your community is a team effort. And **you** are a key part of that defense.
- Getting the COVID-19 vaccine adds **one more layer of protection** for you and your community.

Here are ways you can help protect yourself and others from COVID-19:

- **Get vaccinated** and make a plan for your second dose. Talk to a caseworker or shelter staff if you have questions.
- **Tell others why** you are getting vaccinated and encourage them to get vaccinated.
- **Have conversations** with family and friends about why you chose to get vaccinated for COVID-19.

Three Reasons Why You Were Given Top Priority to Be Vaccinated Against COVID-19

- 1** People in our community are at high risk of being exposed to COVID-19.
- 2** Protecting you also helps protect your friends and family, especially those who may be at higher risk for severe illness from COVID-19.
- 3** You matter. And you play an essential role in keeping your community healthy.

Lead the way!

Encourage your family and friends to get vaccinated.

Vaccinations are just one piece of controlling the virus.

Using all the tools we have will help us get our friends and family back together sooner.

Get vaccinated.

Wear a mask over your nose and mouth.

Stay 6 feet from others, and avoid crowds.

Wash hands often.
